

LUBRICANTS AND ENGINE CARE PRODUCTS

ENGINE OILS

SMOOTH, CLEAN & TROUBLE-FREE

Like any precision instrument, your marine engine requires precise care to keep it running at peak performance. If you bought the best, keep it the best. Use only Quicksilver oils, created and formulated by the technology teams who designed and built your engine in the first place. Quicksilver quality oils: so that your engine stays smooth, clean and free from problems.

NOT ALL BRANDS OF OIL ARE CREATED EQUAL

Not all TC-W3 oils perform the same: some only meet the minimum standard. Inferior brands that only meet the minimum requirements do not perform well, and lead to the pistons scuffing. However Quicksilver goes over and above the minimum requirements, which leads to better performance. With Quicksilver the pistons will be protected from carbon build-up and piston scuffing.

QUICKSILVER CTS BASIC 2-CYCLE OUTBOARD OIL

Provides excellent 2-Cycle lubrication for outboards and other water or air cooled engines equipped with carburetors. An exclusive formula designed to help maintain peak engine performance. This product helps fight rust, reduces smoke and controls carbon-build up deposits.

92-889287A12 (12 x 1L plastic bottles per case)

92-889287A6 (6 x 5L plastic bottles per case)

92-889287A2 (2 x 10L plastic bottles per case)

QUICKSILVER CTS ADVANCED 2-CYCLE OUTBOARD OIL

Provides excellent 2-Cycle lubrication for outboards and other water or air cooled engines equipped with carburetors or EFI. An exclusive formula designed to help maintain peak engine performance. This product helps fight rust, reduces smoke and controls carbon build up deposits.

92-889288A12 (12 x 1L plastic bottles per case)

92-889288A6 (6 x 5L plastic bottles per case)

92-889288A2 (2 x 10L plastic bottles per case)

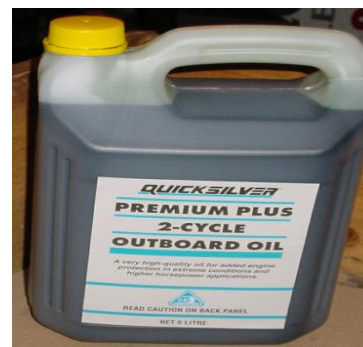

QUICKSILVER TC-W3 PREMIUM PLUS BLEND

Premium Plus Blend is the most advanced oil yet formulated for conventional 2-Stroke outboard engines. Blended to exceed TC-W3 certification requirements and containing extra dispersants and detergents, this is the best possible protection against the adverse effects of low quality fuel. Premium Plus Blend defends your engine against carbon build-up and reduces harmful deposits. It improves engine efficiency, fights corrosion, extends spark plug life and burns cleaner.

NB: Mandatory for DFI (OptiMax Engines)

QUICKSILVER 4-CYCLE SYNTHETIC BLEND

Quicksilver 4-cycle synthetic blend is specially formulated and developed to meet the needs of all 4-cycle marine engines. It provides advanced protection not offered by conventional automotive oils. It can be used in all MerCruiser, sterndrive, and 4-stroke engines. It provides superior friction and wear protection. Industry leading internal marine engine corrosion protection.

92-858055QE1 (946ml)

92-858056QE1 (4 L)

QUICKSILVER INBOARD & STERNDRIVE 4-CYCLE ENGINE OIL

Quicksilver 4-Cycle marine engine oil keeps your engine cool when the going gets hot. This is multiviscosity 25W - 40 oil that you can run during any boating season. Used regularly, it will reduce engine wear and corrosion, protect bearings from chemical attack, keep pistons clean, prevent rings from sticking and inhibit rust and sludge deposits. Meets API Service SG/CD specifications.

92-858049QE1 (3.78L)

92-858048QE1 (946ml)

QUICKSILVER 4-STROKE OUTBOARD OIL

Formulated specially for 4-Stroke outboard engines. Outboards typically operate at 5000-6000 RPM at wide open throttle, almost twice as fast as 4-Stroke automobile engines. Normal automotive lubricants are not formulated to handle these speeds. Quicksilver 4-Stroke Outboard Oil contains special additives making it ideally suited for this application. They help reduce wear, scuffing and scoring, prevent the formation of rust and sludge, and inhibit the formation of unwanted, damaging foam.

92-858046QE1 (4L)

92-858045QE1 (1L)

2- CYCLE PERFORMANCE BLEND OUTBOARD OIL 9.46 L

Specifically formulated for high performance and racing engines. Gives added protection at high operating temperatures which occur when engines are run at high RPM's for extended periods of time.

LUBRICANTS AND ENGINE CARE PRODUCTS

QUICKSILVER DIESEL ENGINE OIL

This multigrade SAE 15W - 40 diesel engine oil has been formulated to meet heavy duty requirements and to combat sludge and varnish formation. The oil contains a higher additive level than standard fleet oils and provides greater protection under severe operating conditions or where fuel quality is poor.

92-858042QB1 (4L)

QUICKSILVER OPTIMAX/DFI OIL WITH SYNTHETIC ADDITIVE.

New OptiMax/DFI 2-Stroke oil is specially formulated to cope with the higher operating temperatures and reduced oiling rates of direct fuel injection outboards. It increases lubricity, minimises carbon deposits and reduces smoke, protecting your engine at all times.

92-858037QB1 (4L)

92-858038QB1 (10L)

SYNTHETIC BLEND 4-STROKE OUTBOARD OIL

First in class for all FC-W durability test properties. Industry leading internal Marine engine corrosion protection. Newly formulated 4-Stroke outboard oil provides the highest level of performance and protection available today for a 4-Stroke outboard oil. Recommended oil for use in Mercury's newest Verado engine. Recommended oil in all Mercury 4-Stroke engines. Designed, qualified and tested by Mercury engineering.

ENGINE CARE

SPECIAL LUBE 101

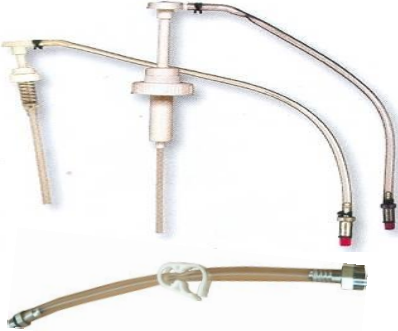

92-802865Q02	A superior corrosion lubricant that withstands extreme friction loads. Used for tilt lock mechanisms, tilt tubes and drive shaft splines.	
--------------	---	---

GEAR LUBE - PREMIUM BLEND

Provides superior lubrication and corrosion protection for gear housings of all outboards and stern drives.

92-19007-5L	GEAR LUBE (SOLD AS 5LTRS.)(DECANTED)	
92-858058QB1	GEAR LUBE 1LTR BOTTLE	
92-858059QB1	GEAR LUBE (9.4LT) BOTTLE	
92-802844Q02	GEAR LUBE 296ml TUBE	

GEAR LUBE PUMPS

91-802891Q2	FITS 946ml CONTAINER	
91-850730Q1	FITS (9.46 LT CONTAINER)	
91-804998T	TUBE DRAIN/FILL TOOL	

GEAR LUBE PUMP ADAPTOR

91-883704Q03	Adapts our quart, liter and 2-1/2 gallon gearlube pumps for filling the gearcase. Fits outboards of Japanese origin i.e. Yamaha, with an 8x1.25 metric threaded gear lube fill hole.	
--------------	--	---

LUBRICANTS AND ENGINE CARE PRODUCTS

GEAR LUBE - HI PERFORMANCE

Specifically formulated for performance outboards, inboards and 3L Mercury and Mariner outboard motors. Provides added gear protection under extreme operating conditions.

92-858064QB1= 1 L 91-802891Q05	GEAR LUBE HI PERFORMANCE GEAR LUBE 1LT + PUMP	
92-802851Q02 = 237ML TUBE	GEAR LUBE HI PERFORMANCE	
92-858065QB1	GEAR LUBE HI PERFORMANCE 10 LT	
92-858068-5L	GEAR LUBE HI PERFORMANCE (5LT DECANTED)	

2-4-C MARINE LUBE WITH TEFLON

Used to lubricate steering systems, cable linkages and remote controls, grease fittings, prop shafts and swivel pins.

92-802859Q1	A superior corrosion lubricant that withstands extreme friction loads. Used for tilt lock mechanisms, tilt tubes and drive shaft splines. 227 ML Tube.	
92-802863Q1	Quicksilver 2-4-C Marine lubricant with Teflon is a high quality, multipurpose lubricant for extreme friction, used on steering systems cable linkages, remote controls, prop shafts tilt lock mechanisms, tilt tubes, hinge pins and trailer wheel bearings. 379 GMS.	

LUBRICANTS AND ENGINE CARE PRODUCTS

91-30500Q5	LUBE/GREASE GUN	
91-37299Q2	CARTRIDGE GUN	
91-74057Q5 92-802861Q1	CARTRIDGE GUN WITH 3 LUBE CARTRIDGES REFIL CARTRIDGES 3 X 99G	
92-802868Q1	For assembly of internal engine parts. Needle Bearing Lube.	
92-828052A3	U-Joint Grease	

LUBRICANTS AND ENGINE CARE PRODUCTS

CORROSION GUARD

Use Corrosion Guard to spray on motor power heads, electrical connections and external components to prevent against anti oxidants through air pollution.

92-802878Q55

Use Corrosion Guard to spray on motor power heads, electrical connections and external components to prevent against anti oxidants through air pollution.

POWERTUNE

A blend of solvents designed to clean carburetors and fuel injectors. Gum, varnish and deposits are removed through chemical action of this formulation through the fuel system and combustion chambers.

92-858080Q02

A blend of solvents and oil designed for combustion chamber deposit removal. Gum varnish and deposits are softened and removed through the chemical action of this formulation through the fuel system and combustion chamber. 384 ML Spray Can.

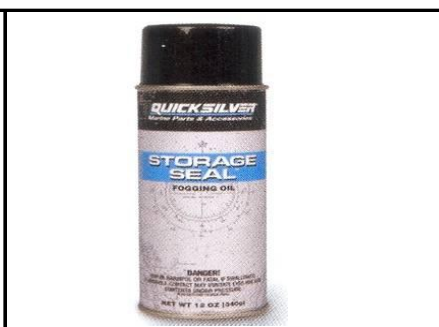

STORAGE SEAL

A blend of corrosion inhibiting additives designed to coat engine components during engine storage. The use of this inhibitor will reduce the formations of surface rust due to oxidation or sweating of surfaces during winter storage. For all 2 and 4 cycle outboard engines.

92-858081Q01

Storage Seal prevents rust from forming in your engine while the boat is in storage. To use remove the spark plugs and inject spray 5 second spray into each cylinder , rotate the flywheel manually and spray each cylinder while piston is at the bottom of the cylinder. 355 ML Spray Can.

LUBRICANTS AND ENGINE CARE PRODUCTS

POWER TRIM AND STEERING FLUID

To top off hydraulic pump reservoirs

<p>92-858075QB1 92-858074QB1</p>	<p>POWER TRIM & STEERING FLUID (236ml)</p>	
<p>92-858076K01 92-858077K01</p>	<p>SYNTHETIC POWER STEERING FLUID (236ml) and (946ml)</p>	
<p>92-858075Q01</p>	<p>POWER TRIM & STEERING FLUID (946ml)</p>	

MARINE COOLANT

Marine system coolant for diesel and gas engine water systems.

<p>92-813054A2</p>	<p>Additives provide protection against corrosion and scale buildup. Premix with lowsilicate conetentprevents silicate gelling. 5 L Bottles.</p>	
--------------------	--	---

LUBRICANTS AND ENGINE CARE PRODUCTS

QUICKSTOR

92-8M0047922

PREVENT REGULAR AND ETHANOL BLENDED FUEL FROM BREAKING DOWN AND OXIDIZING. KEEP FUEL FRESH FOR UP TO A YEAR. PREVENT FUEL SYSTEM CORROSION. PREVENT GUM AND VARNISH FROM FORMING IN THE FUEL AND SETTLING IN FUEL LINES AND TANKS, CARBURETTORS AND INJECTORS. KEEP INJECTORS AND CARBURETTORS LUBRICATED

QUICKARE

92-8M0047920

ADD QUICKARE FUEL TREATMENT AT EVERY FILL-UP TO MAXIMISE ENGINE PERFORMANCE WITH ALL GRADE OF GASOLINE. IT HELPS PREVENT COMMON PROBLEMS ASSOCIATED WITH ETHANOL AND NON-ETHANOL BLENDED FUELS SUCH AS, MOISTURE, CORROSION AND VARNISH BUILD UP.

QUICKLEEN

92-8M0047921

QUICKLY AND THOROUGHLY REMOVE CARBON DEPOSITS FROM CARBURETTORS AND INJECTORS, INTAKE VALVES, SPARK PLUGS, PISTON CROWNS AND CYLINDER HEADS. PREVENT ENGINE KNOCKING AND PISTON SEIZE-UP. EXTEND SPARK PLUG LIFE.

LUBRICANTS AND ENGINE CARE PRODUCTS

ANTI-CORROSION GREASE

92-802867Q1	ANTI - CORROSION GREASE .Do not use on ball, roller or needle bearings.	
-------------	---	---

ANTI-FREEZE

92-877770K1	ANTI-FREEZE.	
-------------	--------------	---
